Expert advice and support for musculoskeletal pain

If you experience back, neck, muscle or joint pain - musculoskeletal conditions, the BacktoBetter service should be your first point of contact.

BacktoBetter offers a complete evidence based case management service. It's designed to ensure that anyone suffering with back, neck, muscle or joint pain gets easy access to the most clinically appropriate support and treatment, helping them to recover as quickly as possible. The BacktoBetter service could help reduce the time you need to take off work by putting in place a suitable treatment plan built around you.

BacktoBetter gives you early and convenient access to high quality support and treatment.

Members aged 11 or under aren't eligible to use BacktoBetter – a GP referral should be obtained, as normal, prior to contacting us.

Mental health pathway

As we're all unique, with individual needs, we believe that mental health treatment should be tailored to your personal requirements. That's why we follow a clinical results-driven approach to mental health treatment.

Our mental health pathway enables us to tailor the support you receive – ensuring that your treatment is guided by clinical need.

Members aged 11 or under aren't eligible to use the mental health pathway – a GP referral should be obtained, as normal, prior to contacting us.

How to make a claim

When you feel unwell, the last thing you want to face is a difficult claims journey. So we've made ours as easy and hassle free as possible.

The BacktoBetter musculoskeletal claims process

Follow these simple steps to make a musculoskeletal claim.

Members aged 11 and under are unable to use the BacktoBetter service, so a GP referral should be obtained for them as normal, before contacting the customer service helpline.

Step 1 – If you're unwell with any back, neck, muscle or joint pain

The BacktoBetter service is your first port of call with **no need for a GP referral**. Just call the customer service helpline.

Step 2 – Call the customer service helpline

You'll find the customer service helpline number in your member documentation. Before you make this call, please check that you have to hand:

- ✓ your policy number, which is shown in your member documentation, and the name of your company. This will help us to confirm your identity
- ✓ details of your symptoms and when they started.

One of our advisers will assess your claim and, if eligible, arrange for a clinical case manager from one of our third party clinical providers to contact you, or provide you with a link to our supplier's online portal. Through the portal you can either book your own appointment at a convenient time for you or complete a digital assessment.

In some instances we may require more information before confirming cover but we'll talk this through with you when you call.

Step 3 – Clinical assessment

Using evidence-based medical guidelines, a third party clinical case manager will contact you to conduct a thorough assessment by telephone or video consultation and recommend the most effective course of treatment. This step won't be required if you completed your initial assessment digitally.

If clinically appropriate, you may be referred to a physiotherapist approved by the clinical case management provider for treatment and/or to a specialist for further treatment or diagnostic tests as necessary.

The clinical case manager will provide advice to help you manage symptoms and pain. They'll also advise how best to remain active with a tailored home exercise programme. Your case manager will continue to monitor your progress throughout your claim.

Mental health pathway

Follow these simple steps to make a claim for a mental health condition.

Members aged 11 and under are unable to use the mental health pathway, so a GP referral should be obtained for them as normal, before contacting the customer service helpline.

Step 1 – If you need some support for your mental health

If you're worried about your mental wellbeing, our clinical case management approach can help. There's **no need for a GP referral**, just call the customer service helpline.

If you've seen your GP, you must still follow the mental health pathway to access assessment and treatment covered by your policy.

Step 2 – Call the customer service helpline

You'll find the customer service helpline number in your member documentation. Before you make this call, please check that you have to hand:

- ✓ your policy number, which is shown in your member documentation, and the name of your company. This will help us to confirm your identity
- ✓ details of your symptoms and when they started.

One of our advisers will transfer you to our third party clinical provider, where a therapist will conduct a thorough assessment with you. Or, if you prefer, we can arrange a suitable time to call you back.

Step 3 – Telephone clinical assessment

From a range of treatment options, the therapist will agree what's the most appropriate help for you, these options include:

- ✓ self-directed online services
- ✓ remote talking therapies
- ✓ face-to-face treatment
- ✓ further assessment and treatment by a psychiatrist or within an in-patient facility, if clinically necessary.

All treatment is led by experienced mental health therapists working in conjunction with our third party clinical provider. At the end of treatment you'll be provided with a plan to help manage your symptoms in the longer term.

For all other claims

The steps below outline the standard claims process:

Step 1 – If you're unwell

Please go and see your GP in the usual way. If your GP recommends you need to see a specialist for further assessment or treatment, they'll give you a referral. This may either be:

- ✓ a **named** referral – where the GP recommends a particular specialist and/or hospital
- ✓ an **open** referral – where the GP just states which type of specialist you need to see, or the type of treatment you need, without stating a specialist's name or hospital.

All claims have to be authorised in advance by Aviva.

Step 2 – Go online with MyAviva or call the customer service helpline

You can start your claim through MyAviva, our online portal. Simply log on and click on the 'Make a new claim' button on your Health policy homepage. You'll be taken through a series of questions which will help us understand and assess your claim.

Alternatively, you can call through to our customer service team, the helpline number is in your member documentation. If you decide to call, please check that you have your policy number to hand which is shown in your member documentation, and the name of your company. This will help us to confirm your identity.

To help complete your claim, you'll need to have details of:

- ✓ your condition including symptoms, dates and diagnosis if known
- ✓ the medical specialism of the specialist you need to see.

If we have a network for your condition or suspected condition, unless your company has chosen the Extended hospital list, we'll tell you where you can have your treatment. This may or may not be at a hospital included on your hospital list. If we don't have a network in place or if you have access to the Extended hospital list:

- ✓ if you've been given a named referral, we'll check to make sure the specialist is recognised by us, or
- ✓ if it's an open referral, we'll use our specialist finder database to select an appropriate specialist and/or hospital.

To view our fee guidelines for specialists visit [aviva.co.uk/pmifees](https://www.aviva.co.uk/pmifees)

Where possible we'll let you know whether your claim's authorised, there and then over the phone. If using MyAviva, you'll receive an email by close of business the following day with confirmation including full details of your specialist and agreed treatment centre. The more information you're able to give us at this point, the easier it'll be for us to make the decision. If we need any further information following an online claim, we'll call you directly or if you have any queries or concerns, you can contact one of our claims experts through Live Chat on MyAviva.

Step 3 – Diagnosis, treatment or surgery

If your specialist decides you need treatment, please contact us to tell us the procedure code (called the CCSD code) provided by your specialist. You can do this by logging onto MyAviva and selecting the 'Update my claim' button on your Health Homepage or by calling us.

Once you've given us these details, we can confirm whether your treatment's covered and let you know where you can receive treatment – whether this is through our networks, at a hospital on your list, or at other facilities recognised by us.

Settling bills directly for you

All eligible bills will be settled by us, directly with the treatment provider. If you do receive a bill for your treatment, please send us a copy, together with your policy number, so that we can arrange payment. Please send this to:

Bill Payment Team
Aviva Health UK Limited
Chilworth House
Hampshire Corporate Park
Templars Way
Eastleigh
Hampshire
SO53 3RY

Or you can email these to: **hcteam1@aviva.com**

We'll contact you to advise if you need to pay any part of the bill – for example, if you have an excess.

It's important that you contact us before you undertake any specialist consultations or receive any private medical treatment on referral from your GP.

Please call us so that we can confirm:

- the details of your membership
- if the treatment you require is covered under the terms of your policy
- if we have a network in place for your condition or suspected condition
- if there are any limits that apply to your cover which you should be aware of; and
- for symptoms requiring GP referral, if your recommended specialist and hospital are recognised by us.

If you don't contact us and you continue with any recommended diagnostics or treatment, you may have to pay the costs for these services if they aren't covered by your healthcare policy.

To make the process as quick and easy as possible, most claims can be telephone assessed by our experienced claims advisers. This means we can take all the necessary medical information from you over the telephone to confirm your cover and, in most cases, no claim form will be required. However, some claims will require more information from your GP or specialist.

Other information

Networks

For some conditions, such as cataracts or hip and knee conditions, we offer another level of quality assurance – a network of treatment units specialising in providing treatment for specific conditions. Networks are a way of clinically selecting providers who meet our high standards in delivering care for you.

With networks you can benefit from our expertise - we'll do the background checks for you and help steer you through complex healthcare choices. We only work with providers who meet our quality criteria. And all our providers sign up to collecting and sharing clinical outcomes with us and, where applicable, national registries to make everything as clear as possible for you.

More information on networks can be found at aviva.co.uk/health-network

What happens in an emergency?

If you require emergency treatment as a result of an accident or illness, you'll normally be taken to the accident and emergency department of your nearest NHS hospital. The NHS is best placed to offer emergency treatment and facilities which aren't normally available at private hospitals.

If you need further care after the initial treatment and are considering private facilities, please discuss this with your NHS hospital doctor and contact the customer service helpline. You'll be able to discuss your claim in detail with an experienced adviser, to ensure you have access to the most appropriate facilities when you need them.

Reimbursement for NHS amenity beds

If you receive treatment as an NHS in-patient or day-patient while occupying an NHS amenity bed (a bed paid for by you in a single room or side ward in an NHS hospital where you receive NHS in-patient or day-patient treatment), and that treatment would've been covered by the policy if you'd chosen to receive it as a private patient, we'll reimburse you for the cost of the amenity bed.

Private Healthcare Information Network

You can find independent information about the quality and cost of private treatment available from doctors and hospitals from the Private Healthcare Information Network: phin.org.uk

General information about your company healthcare policy

Change of details

Please advise your company immediately should any of your, or any of your dependants' personal details change e.g. your home address, name or if you wish to add new dependants to your family cover.

You must have the legal right to reside, and be physically living, in the UK for the duration of the policy year, other than trips abroad totalling no more than three months during the policy year. You must tell your company as soon as possible if this ceases to be the case, or if it might reasonably be expected that you may cease to satisfy this criteria following renewal of the policy.

If you leave your company or policy

If you leave your company, have your membership removed by your company or if you decide to leave the policy, your membership of the policy may cease immediately or cease on an agreed date between you and your company, even if treatment was pre-authorised by Aviva. However, you may be entitled to benefit from continued private healthcare on an individual policy with no further personal medical exclusions being applied. Benefits, exclusions, terms and conditions on an individual policy may be different to those on this policy.

If you'd like to discuss this further, please contact your group administrator or our sales advice line on **0800 142 142**.

Lines are open Monday to Friday 9am - 5pm.

Calls to and from this number may be monitored and/or recorded.

To qualify for continued cover, you need to apply within 45 days from the date your previous cover ceases. If more than 45 days have gone by, you'll need to complete a member health declaration which may affect your underwriting.

What about tax?

Under current UK tax rules, the contribution that's paid to us for your inclusion on the policy arises from your employment. This means it is a taxable benefit. Please contact your group administrator if you require further information.

Insurance Premium Tax, which is a tax applied to the payments you make for your insurance, is included in your premium at the appropriate rate.

Except where specified, this document reflects our understanding of the relevant law (and regulatory guidance) as at November 2023, which is subject to change.

Clinical complaints

Complaints relating to the conduct or competency of your specialist, or the facilities at which they practise, need to be directed to the specialist and hospital/clinic directly.

For your information, the responsibility for investigating and responding to clinical complaints is as follows:

- if your complaint is about a hospital/clinic or specialist, whether through a network or otherwise, it will be investigated in accordance with the complaints process in force at the relevant hospital/clinic.
- if your complaint relates to a third party clinical case manager, it will be investigated by the clinical provider who employs that case manager.
- if your complaint is about a network therapist (e.g. physiotherapist, counsellor, psychologist) it will be investigated by the independent clinical provider responsible for that therapist network.

Once you've contacted the provider who's responsible for investigating and responding to your clinical complaint, they should advise you of the full complaints process which will also include any escalation details, should you require these.
